OUR STORY

CPAP Direct is Australia's largest independent CPAP provider and is dedicated and focused on improving quality of life. Following our new ownership in 2014, we have grown rapidly and are very proud to be one of Australia's most trusted names for CPAP therapy and diagnostics in the industry today.

Our mission: Positively enhance the quality of life for all those suffering with sleep-disordered breathing.

CPAP Direct are family-owned and independently operated. We pride ourselves on providing a wide variety of cost-effective treatment options, as well as 5-star patient care. We have qualified sleep scientists, nurses and pharmacists on staff with a primary goal of helping our patients experience the most out of their therapy treatments.
