LEGAL & CONVEYANCING

the western
weekender

“ We could not be
happier with the
Western Weekender’s
performance ”

OUR STORY

Legal services are a strange beast that need to be marketed carefully, because typically people are only interested in the services at the exact moment they need them. We asked the Western Weekender to develop ways for us to reach multiple platforms and stay interesting and at the forefront of reader’s minds. The Western Weekender have been incredible in assisting us to come up with fresh, relevant topics for our editorial and tying our columns in with other relevant news items within their publication.
